

UConn AND THE UConn HEALTH CENTER ARE PLEASED TO ANNOUNCE A NEW PARTNERSHIP WITH A TRAVEL BOOKING AGENCY

The University of Connecticut and the UConn Health Center recently joined forces to pool spend and negotiate a new travel services contract that will be the University’s sole preferred vendor providing a friendlier on-line booking tool with lower transaction fees.

Sanditz Travel Management of Middletown, Connecticut, our identified partner of interest, will partner with UConn/UHC commencing on January 1, 2014 to help us continue to strive to reduce travel costs while increasing efficiency and maintaining the continuity of our day-to-day business operations.

Through the use of a new on-line tool, “GetThere”, trips can be planned online using a dynamic booking engine designed to meet the University’s specific needs. Travelers can book hotel and rental car expenses utilizing UConn’s contracted rates with easy to see in-policy choices for a streamlined reimbursement experience. In addition, all online bookings are automatically reviewed/ticketed by the corporate agency and online planning allows you to select lower priced fares

from the many options available— for 50% of the cost of phone bookings!

GetThere also allows you to create individual traveler profiles; provides a tracking tool to keep track of all unused tickets at the department or individual traveler level; and offers direct-to-cell travel alert notifications.

Remember, success starts by streamlining the workplace through efficiency, cost savings and control. By utilizing the tools, solutions and services of Sanditz Travel Management, we hope to benefit like never before.

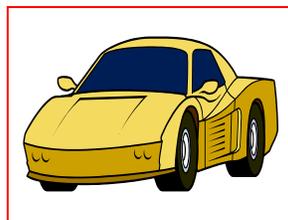

Over the next few weeks, additional information will be provided regarding:

- How to set up your traveler profile;
- Schedule of upcoming training sessions that will walk you through the online booking process; and
- Contact information for your dedicated account representative.

Planning your next trip has just gotten easier. Now all you have to do is “GetThere”!
